NEWSLETTER No. 10.

may 1982

Editor: Drs. R. P. G. A. Voskuil.

Dear Friends,

Many members of our society from nearly all parts of the country attended the third A.G.M. on 12 March. Our British representative, Mr J. Maynard came over from London for the occasion.

The committee is pleased with the interest shown and with the increase in membership. The society can thus continue and even expand its activities.

As you may know, Mrs. J. Smit-Duchateau took leave as a committee member during the A.G.M. Enthusiastic, always ready to help and tireless, she has been a valuable colleague.

We owe her our gratitude and we thank her again.

Mr. C. van Roekel has been nominated as her successor. Together with Mr. Voskuil he will take care of the Newsletter.

Two afternoons devoted to special subjects are in preparation. During the Open Days at Deelen Airfield on 9, 10 and 11 June our society will sell articles from the Museumshop and we shall do the same during the Airborne March on 3 September.

In this way we try to focus attention on the Museum and give our support.

Drs. J. Smits, Chairman.

From the editor.

This is the tenth issue of our Newsletter, an anniversary number which appears shortly after the first lustrum of the Airborne Museum at the Hartenstein. The Museum was reopened in its present location on May 11, 1978. Since then there has been no reason to complain about a lack of visitors. Much is being done to improve the Museum and to add to the collections. Many visitors therefore return regularly to see what is new.

The credit for these activities goes to trustees and staff. Many of the former have spent a great part of their spare time to shape the Museum into its present form. Our Society also benefits from the increasing interest in the events of September 1944. The membership is continually growing.

Through the Newsletter we aim to keep the members informed about the developments within the Museum.

Starting with this issue we are introducing a new feature: short articles about aspects of the battle which have hardly or never been written about and about which questions have arisen. From now on you will therefore find a supplement to the newsletters edited by our new committee member, Mr C. van Roekel.

We hope that our members will contribute articles and that the experiment will prove successful.

R. P. G. A. Voskuil.

In memoriam Mr. Robert Reinier Schuring.

It is our sad duty to report the death at early age of Mr. R.R.Schuring who was a member of our Society.

Col.Wilhelm has had a long military career.From the beginning of the war he was active in the Dutch resistance.After being arrested by the German Secret Police (S.D.) in 1942 he was interned at Arnhem for some time.In November 1944 he managed to escape to England where he joined the S.O.E. and was trained for special operations.He received parachute training at Ringway.

In May 1945 he left for Ceylon where the S.O.E. operated under the name "Force 136". In August 1945 he was dropped over Sumatra together with three other parachutists of the "Anglo Dutch Countersection" of Force 136.The four carried out reconnaissance tasks and assisted prisoners of war and civilian detainees.

In April 1946 he was transferred to Batavia, the present day Jakarta, where he served with the Military Intelligence Service.Half a year later he was posted to the Parachute Training School at Hollandia in the then Dutch New Guinea.

In 1948 he returned to the Netherlands but after two years he left again, this time to Korea where he was wounded in action.

Open Days at Deelen Airfield.

The Society will have a stand at the Open Days at Deelen Airfield on 9,10 and 11 June. The Open Days are to celebrate the 70th anniversary of the Royal Dutch Airforce. A new sticker, a commemorative envelope and a poster will be introduced on this occasion. The sticker shows a number of Dakotas on a light blue background and costs one guilder each.

The commemorative envelope shows an aerial photograph of the bombed airbase at Deelen taken on 6 September 1944, eleven days before "Market Garden". The envelope will have a field postmark which has never been used before. 100 envelopes will be reserved for members at a reduced price of four guilders including postage in the Netherlands. (one envelope per member.)

The subject of the poster is the start of Operation Market and shows a colour picture of a number of Dakotas ready to leave for the Netherlands. The cost for members is five guilders each, including postage in the Netherlands.

Mrs. J.M. de Langen, Secretary.

New items in the Museum Shop.

Recently introduced items are a new car sticker (light blue Pegasus on a maroon background), T-shirts, sweaters, scarves (special design) and a wall tile with a picture of Hartenstein.

Postal facilities in the Museum.

By popular demand a postage stamp machine and a post box have been installed in the Museum cafeteria.

Audio-Visual introduction to Market-Garden.

The installation of audio-visual equipment to explain Operation Market-Garden is almost complete. Computer controlled, the equipment gives an excellent introduction to those visiting the museum by means of slides and lamps on the model, accompanied by commentary in Dutch, English, German or French. The Dutch commentary has already been used many times; the other languages will be introduced as soon as various faults have been ironed out.

Reprinting of an interesting book.

The book "Kroniek van Ede" by the late Th.A. Boeree has been re-issued by Gijsbers & van Loon. The book provides a wealth of information about the Dutch partisans on the Veluwe and about the unsuccessful parachute landings and the fate of the parachutists. The cost in the Netherlands is 29,50 guilders. The book has not been translated.
