Index van boeken, films, video's en dvd's	Index of books, films, video's and dvds
<p>Deze index bevat de titels van boeken, films, video's en dvd's die vermeld zijn in de Nieuwsbrieven 1 tot en 132 (in de index als getal opgenomen), de Airborne Magazines (AM) 1 tot en 16 en de Ministories (MS) 1 tot en met 125. De verwijzingen naar de Ministories zijn volledig in Arabische nummering opgenomen (de eerste 37 uitgaven van de Ministories zijn origineel voorzien van Romeinse nummering).</p> <p>Deze index is mede tot stand gekomen met de hulp van Alexander Heusschen. Alexander, redactielid van het Airborne Magazine, heeft een grote bijdrage geleverd met de beoordeling van de gebruikte benamingen van de geallieerde en Duitse legeronderdelen in deze index. In deze index zijn verwijzingen opgenomen naar de geallieerde en Duitse legeronderdelen, zoals deze opgenomen zijn in de teksten van de nieuwsbrieven van de Vereniging Vrienden van het Airborne Museum, de hierbij uitgegeven ministories en de Airborne Magazines. Deze verwijzingen zijn zoveel mogelijk in de volledige benaming in de oorspronkelijke taal opgenomen. Het opnemen van alle in de publicaties feitelijk opgenomen benamingen van legeronderdelen, waarmee het electronisch terugzoeken van verwijzingen mogelijk zou zijn, is als gevolg van de diversiteit van de over de jaren heen gebruikt benamingen, niet effectief. Het gebruik van het woord 'Bataljon', Battalion, Bataillon or Batt. is op diverse plekken verschillend gebruikt, zo ook is de verwijzing naar Panzer Division, Panzer division, Panzer-Division, Pz Div, PzDiv, Pz.Div. zeer divers gebruikt. Gemeend is dat het opnemen van de meest gangbare benaming van de legeronderdelen, in de oorspronkelijk taal, de gebruiker van deze index het best ondersteund. De teksten in de nieuwsbrief, de ministories en de Airborne Magazines zijn van een dusdanig (beperkte) omvang dat verwijzing eenvoudig teruggevonden zouden moeten kunnen worden.</p>	<p>This index contains the titles of books, films, videos and dvd's as included in the Newsletters 1 to 132 (shown as numbers), the Airborne Magazines (AM) 1 to 16 and the Ministories (MS) 1 to 125. The references to the Ministories are shown with Arabic numeral (the first 37 editions of the Ministories are originally numbered with a Roman numeral).</p> <p>This index was co-created with the help of Alexander Heusschen. Alexander, editor of the Airborne Magazine, has made a major contribution with the assessment of the Allied and German names of the army units included in this index. This index contains references to the Allied and German army units, as included in the text of the newsletters of the Friends of the Airborne Museum, the mini-stories and the Airborne Magazines. These references are incorporated as much as possible in the full name in the original language. The inclusion of all references actually included in the publications, that would allow electronic retrieval of these references, is not effective, due to the diversity of names used over the years. Use of the word "Battalion", Battalion, Bataillon or Batt. has been used differently in various places, also is the reference to Panzer Division, Panzer division, Panzer-Division, Pz Div, PzDiv, Pz.Div. is widely used. It is believed that the inclusion of the most common names of the army units, in the original language, best supports the user of this index. The text in the newsletter, the mini-stories and the Airborne Magazines are of such a (limited) size that references should be easy to find.</p>
